CloverLoop

FREE LAUNCH CHECKLIST

Launch your link-in-bio store

Six steps from first idea to first sale. Tick each box before you go live.

1 Choose your offer

- [ ] Pick one product to launch first: ebook, template, preset or printable
- [ ] Write who it's for and the result it gives, in two lines
- [ ] Confirm you own, or may distribute, every file

2 Set your price

- [ ] Choose a launch price in ₹ based on the result, not the file size
- [ ] Work out what you keep per sale after platform and payment fees
- [ ] Count the sales you need to reach your monthly goal

3 Prepare your files

- [ ] Export final files and test the download on phone and laptop
- [ ] Make a cover image and two or three preview images
- [ ] Write access steps: how to open it and which app to use

4 Sort payments and paperwork

- [ ] Complete KYC with your payment provider, such as Razorpay
- [ ] Check that UPI and cards work at checkout
- [ ] Check whether GST applies to you, and keep your invoices

5 Build your store page

- [ ] Pick a username that matches your Instagram or YouTube handle
- [ ] Write one headline line: who you help, and with what
- [ ] Put your best product first and keep other links few

6 Launch and learn

- [ ] Add the link to your Instagram, YouTube and WhatsApp bios
- [ ] Make one real test purchase on mobile data
- [ ] After seven days, review visits, sales and questions, then adjust

Your first week **Visits** _____ **Sales** _____ **Revenue ₹** _____

A general guide, not tax or legal advice.
